1. GENERAL INFORMATION

General Information section explains in general terms the system and the purpose for which it is intended.

1.1. Overview

Exchange payable management system is a web based foreign transaction analysis and reporting software. The system generates well formatted National Bank (NBE) standard reports based on the users input. It also simplifies the tedious process of registering tickets, by filling the registering forms directly from the core banking database.

1.2. Organization of the Manual

The user's manual consists of four sections: General Information, Getting Started, Using The System, and Reporting.

General Information section explains in general terms the system and the purpose for which it is intended.

Getting Started section explains how to access and login to the exchange payable management system. The section presents briefly system menu. It also describes how to change password and exit the system.

Using The System section provides a detailed description of system functions.

Reporting section describes in what way information collected by the system are presented and how to access the information.

2. GETTING STARTED

Getting Started section explains how to access and login to the system. The section presents system menu briefly. It also describes how to change password and exit the system.

2.1. Accessing the System

Exchange payable management is a web based application and as such it is accessed from a web browser.

List of web browsers

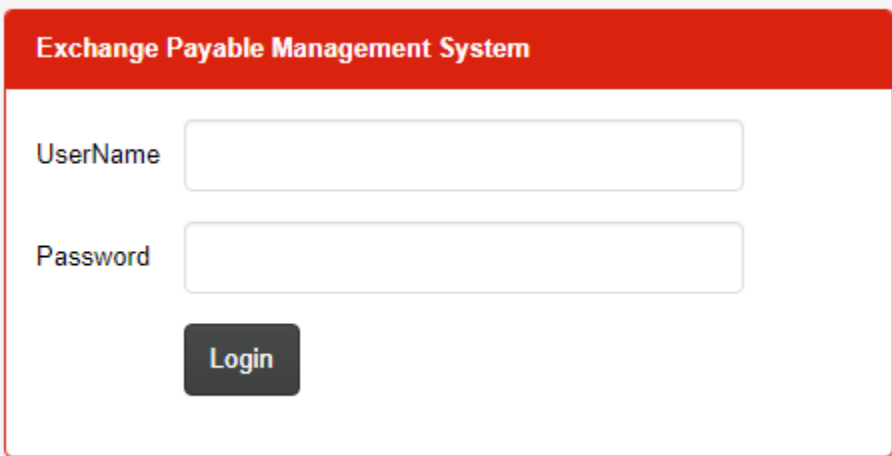

- Chrome – recommended
- Firefox
- Microsoft Edge

In the browser address bar type the URL (the path) to exchange payable management system e.g. <http://10.1.1.132/ExchangePayable> and press Enter key.

2.2. Login

If application is successfully accessed the below screen is displayed where users must provide login credentials.

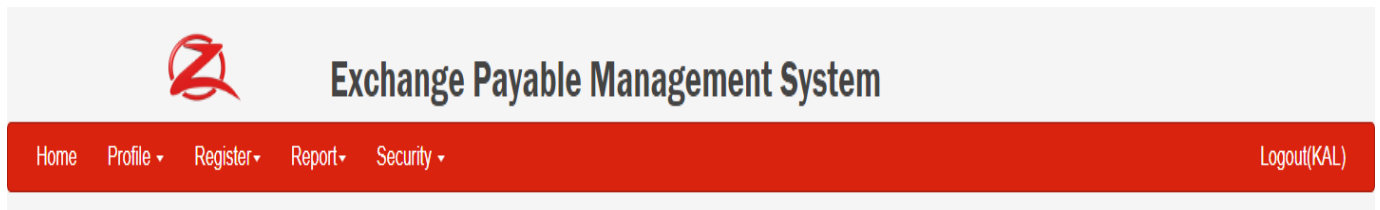

- Enter username and password in the fields provided
- Press Enter or click on login button.

The screenshot shows a web application interface for the 'Exchange Payable Management System'. It features a red header bar with the system name in white text. Below the header, there are two input fields: 'UserName' and 'Password', each with a corresponding text box. A dark grey 'Login' button is positioned below the password field. The entire login area is enclosed in a red border.

- If all is well the user is presented with the system menus.

2.3. System Menu

The menu consists of the following sub menus:

Home

Profile

- Change password
- Logout

Register

- Register From Flex
- OST
- LC
- Cancelled LC
- IBC
- ESL
- ODBP
- ODBC
- OBP
- OBC

Report

- NBE Report

Security

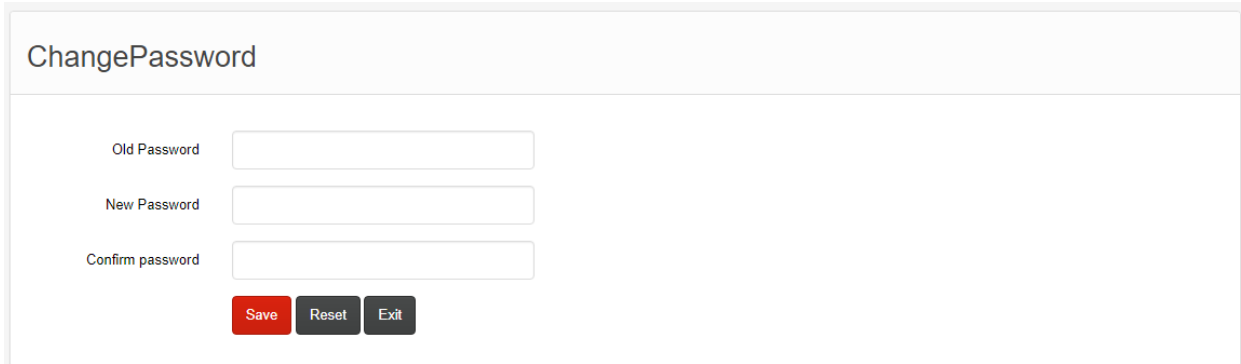

- Users
- Roles
- Pages

Logout

2.4. Changing Password

The user may want to change his or her password;

- Go to profile menu, change password; the screen below is displayed.

A screenshot of a web form titled "ChangePassword". The form has a light gray header bar with the title. Below the header, there are three input fields: "Old Password", "New Password", and "Confirm password". Each field is a simple white rectangle with a thin gray border. Below the input fields, there are three buttons: "Save" (red with white text), "Reset" (dark gray with white text), and "Exit" (dark gray with white text).

ChangePassword

Old Password

New Password

Confirm password

- Enter old password
- Enter new password
- Confirm new password
- Then Click on save to change the password.

2.5. Exiting the System

To properly end the session, the user must click logout button.

3. USING THE SYSTEM

This section provides a detailed description of system functions.

3.1. Registering tickets

Registering tickets is the process of entering the tickets' information into the system to be processed. The system provides different registration forms for each ticket type.

3.1.1. Register manually

The user can register tickets by filling all the form's fields manually.

- On the main menu screen, go to Register and click on the ticket type you want to register from the submenus.

Registration form will appear based on your ticket type selection. E.g. the following screen is displayed if you select RegisterOST button.

The screenshot shows the 'Exchange Payable Management System' interface. At the top is a red navigation bar with a logo and menu items: Home, Profile, Register, Report, and Security. Below this is the 'Register OST' form. The form has a header 'Register OST' and a sub-header 'flexRefID' with a dropdown menu showing 'ZB/OST/' and a 'LoadOST' button. The form contains several input fields arranged in two columns. The left column includes 'Transaction Date' (mm/dd/yyyy), 'Permit No' (ZEB/ZBH/XX-XXXXX/2017), 'Reference No' (ZB/OST/XXXXX/2017), 'Applicant Name', and 'Correspondent Bank'. The right column includes 'Currency', 'Foreign Currency Amount', 'Exchange Rate', 'SpecialRate' (Nonspecial Rate), and 'Remark'. At the bottom of the form are three buttons: 'RegisterOST' (red), 'Reset', and 'Back To Flex List'. The footer of the page shows '© 2017 - Zemen Bank SC.'

- Fill the fields and click on Register button

3.1.2. Register by loading

The system allows users to load registration fields with values by providing the tickets reference number.

- On the main menu screen, go to Register and click on the ticket type you want to register from the submenus.

Registration form will appear based on your ticket type selection. E.g. the following screen is displayed if you select RegisterLC button.

The screenshot shows the 'Register LC' form within the 'Exchange Payable Management System'. The system has a red header bar with a logo and navigation links: Home, Profile, Register, Report, and Security. The form itself is titled 'Register LC' and contains several input fields and buttons. At the top, there is a 'flexRefID' field with the value 'ZBLC/' and a 'LoadLC' button. Below this, the form is organized into two columns. The left column contains fields for 'Transaction Date' (with a date mask 'mm/dd/yyyy'), 'Permit No' (with the value 'ZEB/ZBH/XX-XXXXX/2017'), 'Reference No', 'Applicant Name', and 'Correspondent Bank'. The right column contains fields for 'Currency', 'Foreign Currency Amount', 'Exchange Rate', 'SpecialRate' (with the value 'Nonspecial Rate'), and 'Remark'. At the bottom of the form, there are three buttons: 'RegisterLC' (in red), 'Reset', and 'Back To Flex List'. The footer of the page indicates '© 2017 - Zemen Bank S.C.'.

- Enter tickets reference number in flexRefID field and click on Load button.
- The fields are filled with values.
- Provide the permit number and check whether other fields are filled with correct values.
- Click on Register button.
- Success message displayed.

3.1.3. Register from a list

The user can register a ticket from a list of transactions fetched from the core banking database.

- On the main menu screen, go to Register and click the RegisterFromFlex submenu.

The screen below is displayed.

- Provide the date interval and select ticket type you want to register.
- Click on Go button, list of transactions is displayed.
- Identify the ticket that you want to register and click on the load button associated with it.
- The ticket is opened on a registration form with almost all fields filled automatically.
- Provide the permit number and check whether other fields are filled with correct values.
- Click on Register button.
- Success message displayed.

3.1.4. Registering Reversal

Registering reversal is the same as registering other tickets. But the user must provide negative (below zero) foreign currency amount. The system considers negative amount as reversed.

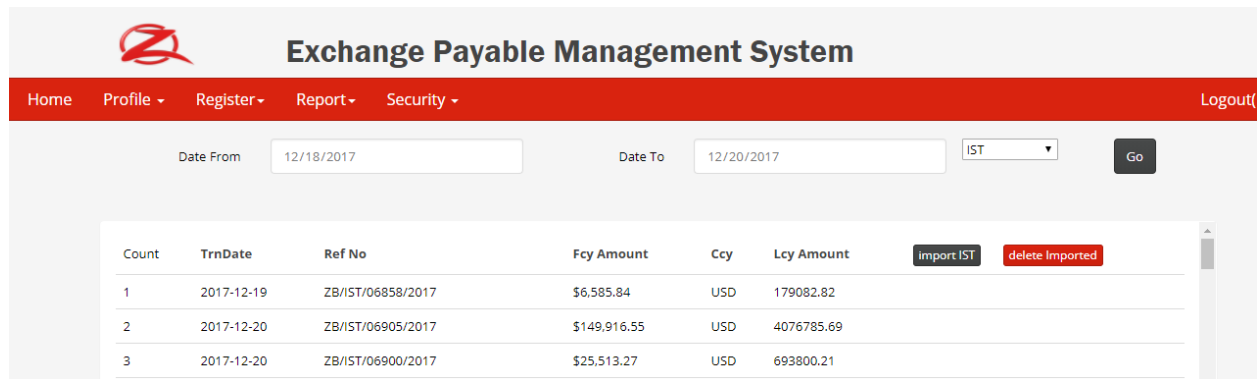

- On the main menu screen, go to Register and click on the ticket type you want to register from the submenus.
- Registration form will appear based on your ticket type selection.
- Fill the fields. Don't forget to make the foreign currency amount negative.
- Click register.
- Success message displayed.

3.1.5. Importing IST

IST ticket type can be imported directly from the core banking database. This must be done only once to avoid unnecessary duplication of data.

- On the main menu screen, go to Register and click the RegisterFromFlex submenu.
- Provide date interval and select IST from ticket types and click GO button

The bellow screen is displayed

The screenshot shows the 'Exchange Payable Management System' interface. At the top, there is a navigation bar with links: Home, Profile, Register, Report, Security, and a Logout button. Below the navigation bar, there are input fields for 'Date From' (12/18/2017) and 'Date To' (12/20/2017), a dropdown menu for 'IST', and a 'Go' button. The main content area displays a table with the following data:

Count	TrnDate	Ref No	Fcy Amount	Ccy	Lcy Amount	import IST	delete Imported
1	2017-12-19	ZB/IST/06858/2017	\$6,585.84	USD	179082.82		
2	2017-12-20	ZB/IST/06905/2017	\$149,916.55	USD	4076785.69		
3	2017-12-20	ZB/IST/06900/2017	\$25,513.27	USD	693800.21		

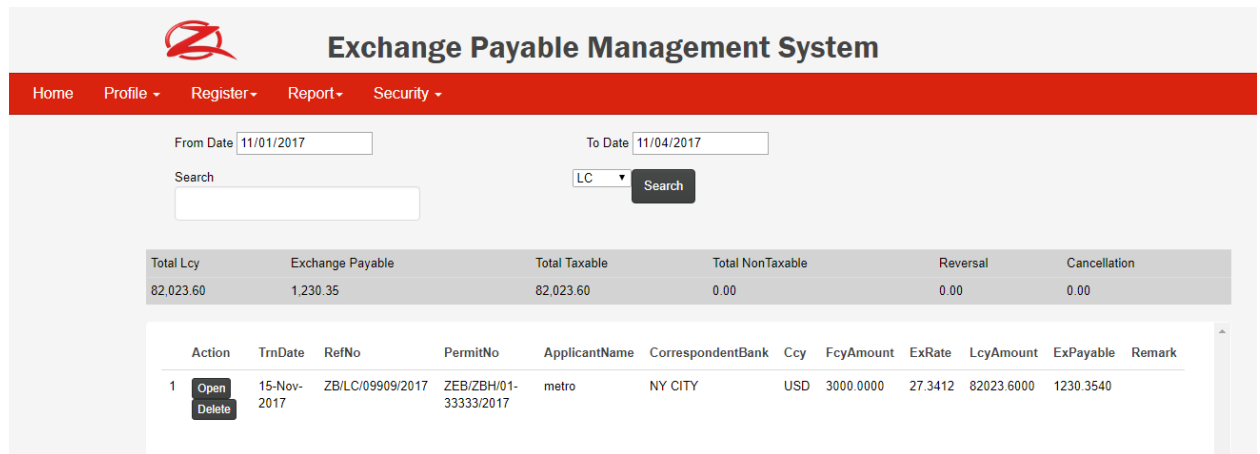

- Click on importIST.
- Success message will be displayed.

3.2. Editing Tickets

The system allows the user to make changes on the registered tickets.

- Go to Home.
- Provide date interval, ticket type and search input.
- Click on search.

The system displays search result like the following

The screenshot shows the 'Exchange Payable Management System' interface with search filters. At the top, there is a navigation bar with links: Home, Profile, Register, Report, Security. Below the navigation bar, there are input fields for 'From Date' (11/01/2017) and 'To Date' (11/04/2017), a dropdown menu for 'LC', and a 'Search' button. The main content area displays a table with the following data:

Total Lcy	Exchange Payable	Total Taxable	Total NonTaxable	Reversal	Cancellation
82,023.60	1,230.35	82,023.60	0.00	0.00	0.00

Action	TrnDate	RefNo	PermitNo	ApplicantName	CorrespondentBank	Ccy	FcyAmount	ExRate	LcyAmount	ExPayable	Remark
1 Open Delete	15-Nov-2017	ZB/LC/09909/2017	ZEB/ZBH/01-33333/2017	metro	NY CITY	USD	3000.0000	27.3412	82023.6000	1230.3540	

- Click on the open button associated with the ticket you want to edit.
- The ticket is opened on a form. Make the changes.
- Click on save button.

3.3. Deleting Tickets

You can remove unwanted tickets from the system.

- Go to Home.
- Provide date interval, ticket type and search input.
- Click on search.

The system displays search result like the following

The screenshot shows the 'Exchange Payable Management System' interface. At the top, there is a navigation bar with links: Home, Profile, Register, Report, and Security. Below this, there are search filters: 'From Date' (11/01/2017), 'To Date' (11/04/2017), a 'Search' input field, and a dropdown menu for 'LC'. A 'Search' button is next to the dropdown. Below the filters, there is a summary table with columns: Total Lcy, Exchange Payable, Total Taxable, Total NonTaxable, Reversal, and Cancellation. The values are: 82,023.60, 1,230.35, 82,023.60, 0.00, 0.00, and 0.00 respectively. Below the summary table, there is a table of results with columns: Action, TrnDate, RefNo, PermitNo, ApplicantName, CorrespondentBank, Ccy, FcyAmount, ExRate, LcyAmount, ExPayable, and Remark. The first row shows a ticket with TrnDate 15-Nov-2017, RefNo ZB/LC/09909/2017, PermitNo ZEB/ZBH/01-33333/2017, ApplicantName metro, CorrespondentBank NY CITY, Ccy USD, FcyAmount 3000.0000, ExRate 27.3412, LcyAmount 82023.6000, and ExPayable 1230.3540. There are 'Open' and 'Delete' buttons next to the first row.

Action	TrnDate	RefNo	PermitNo	ApplicantName	CorrespondentBank	Ccy	FcyAmount	ExRate	LcyAmount	ExPayable	Remark
1 Open Delete	15-Nov-2017	ZB/LC/09909/2017	ZEB/ZBH/01-33333/2017	metro	NY CITY	USD	3000.0000	27.3412	82023.6000	1230.3540	

- Click the delete button associated with the ticket you want to delete.
- Confirm deletion by clicking delete button.

3.4. Crosscheck Results

The user can cross check the calculated results on the report from the home page by providing a correct date interval and ticket type. The system displays totals above the list.

The screenshot shows the 'Exchange Payable Management System' interface. At the top, there is a navigation bar with links: Home, Profile, Register, Report, and Security. Below this, there are search filters: 'From Date' (10/09/2017), 'To Date' (10/15/2017), a 'Search' input field, and a dropdown menu for 'ESL'. A 'Search' button is next to the dropdown. Below the filters, there is a summary table with columns: Total Lcy, Exchange Payable, Total Taxable, Total NonTaxable, Reversal, and Cancellation. The values are: 6,017,037.25, 74,363.28, 4,957,552.06, 1,059,485.19, 0.00, and 0.00 respectively. Below the summary table, there is a table of results with columns: Action, TrnDate, RefNo, ApplicantName, Ccy, FcyAmount, ExRate, LcyAmount, ExPayable, and Remark. The first five rows show tickets with TrnDate 09-Oct-2017, 09-Oct-2017, 13-Oct-2017, 09-Oct-2017, and 12-Oct-2017, RefNo ZB/ESL/01448/2017, ZB/ESL/01449/2017, ZB/ESL/01450/2017, ZB/ESL/01451/2017, and ZB/ESL/01452/2017, ApplicantName applicant, Ccy USD, FcyAmount 1924.0000, 3116.0000, 2028.0000, 2050.0000, and 2050.0000, ExRate 23.8861, 23.8861, 23.4177, 23.4177, and 23.4177, LcyAmount 45956.8564, 74429.0876, 47491.0956, 48006.2850, and 48006.2850, and ExPayable 689.3528, 1116.4363, 0.0000, 0.0000, and 0.0000. There are 'Open' and 'Delete' buttons next to each row.

Action	TrnDate	RefNo	ApplicantName	Ccy	FcyAmount	ExRate	LcyAmount	ExPayable	Remark
1 Open Delete	09-Oct-2017	ZB/ESL/01448/2017	applicant	USD	1924.0000	23.8861	45956.8564	689.3528	
2 Open Delete	09-Oct-2017	ZB/ESL/01449/2017	applicant	USD	3116.0000	23.8861	74429.0876	1116.4363

4 Open Delete	09-Oct-2017	ZB/ESL/01451/2017	applicant	USD	2050.0000	23.4177	48006.2850	0.0000	
5 Open Delete	12-Oct-2017	ZB/ESL/01452/2017	applicant	USD	2050.0000	23.4177	48006.2850	0.0000	

4. REPORTING

Reporting section describes in what way information collected by the system are presented and how to access the information.

4.1. Viewing Totals

The system calculates totals by categorizing the registered tickets in to categories like taxable, non-taxable, visible, invisible etc.

- Go to Reporting menu and click on NBE report sub menu.
- Provide date interval and click on view report button.
- You can export the results to excel file by clicking on totals button.

The system displays results like the following

**Exchange Payable Management System**

4.2. Exporting NBE report Cover Page

The system generates national bank (NBE) standard report and exports to excel file to be printed and sent to the NBE.

- Go to Reporting menu and click on NBE report sub menu.
- Provide date interval and click on Export Cover button.

It will export a complete (fully calculated and formatted) excel file like the following.

File Home Insert Page Layout Formulas Data Review View Team

The national bank report must include list of transactions along with the cover page. The system allows the exportation of this list to excel file.

- Go to Reporting menu and click on NBE report sub menu.
- Provide date interval and click on Export Detail button.

It will export the list in excel file like the following.
